Let us know what
we can do for you!

We Want YOU to Join American Pride!

Are you ready to offer the Credit Union difference to your employees? Membership is one more way that you can enhance the benefits you present to your employees. Membership in American Pride Credit Union is a winning proposal all around: it benefits your employees, supports the local economy, and is a costfree benefit for you to provide.

American Pride Credit Union is a full-service financial institution whose profits go right back to our members. Because our loyalty lies with our membership, we can offer low loan rates and competitive savings and investment rates. Join APCU today and receive exceptional member benefits!

Our Checking Accounts have no minimum balance requirements. To earn interest, a minimum of only \$1,000 in your account is required. Best of all, when you open up an APCU Checking Account, you'll get your first 50 checks absolutely FREE!

American Pride Credit Union offers complete Online Banking Services! Members simply log on to APCU's website and sign up for Real Time Home Banking - a live 24 hour a day banking service- as well as mobile and text banking directly on your smart phone!. When banking through our eBanking system, there are no more stamps to mess with, no more checks to write, and no more hassle.

APCU is proud to be a full-service financial institution that also offers friendly, personal, hometown service that you won't find elsewhere. With benefits like these, what are you waiting for? Give the gift of the credit union difference to your staff today! Join American Pride Credit Union; you'll be glad you did.

Welcome to American Pride Credit Union

The directors and staff of the American Pride Credit Union join in welcoming you into our credit union family. Credit union membership is available to you, your employees and their family members. Membership provides a lifetime of the highest-quality financial services. And, as credit union members, you are "owners" as well. Members have a voice in the future of the credit union through the election of peers as officers and committee persons.

Our credit union was established in 1932 at the height of the Great Depression. A group of postal workers wanted to establish a way for fellow workers to save and borrow at reasonable rates. More than eighty years later, we're still providing the services that were the goals of those first credit union pioneers. And now we're open to all residents and businesses in Blair and Bedford counties!

To begin offering credit union membership at your place of business, simply complete the application form below. We'll contact you with more information and give you everything you need to begin giving your employees this great benefit. We're glad to welcome you to our membership and look forward to making you proud of extending the invitation to your staff and their families.

Is Your Company Interested in offering the Benefit of Credit Union Membership to your Employees?

Credit unions differ from other financial institutions because when people become members, they also become owners of the credit union. And, since credit unions are not-for-profit, members enjoy competitive earnings on savings accounts, lower rates on loans, and a wide array of services designed to fit their financial needs. Other organizations see the benefits of credit union membership; why not join in?

Give your employees the gift of credit union membership. Please complete and submit the following information and a credit union representative will contact you to explain how your employees will benefit by becoming members of the American Pride Credit Union.
